Greenhouse space costing

The cost of space usage is currently based on a rate of \$0.35/m²/day and simplified to a mean monthly charge (Tables 1 and 2). The minimum charge is a full table for one month. Charges will be billed by JV for each four-month term: January 1st-April 30th, May 1st-August 31st, and September 1st-December 31st. Users approved for annual billing will be charged on an April 1st-March 31st cycle.
