

University of British Columbia, Okanagan campus Greenhouse Space Application Form

Please complete all fields of this form and submit to Greenhouse Committee via Tyler Donner at tyler.donner@ubc.ca or by interoffice mail to Tyler Donner in SCI 162. Forms can be obtained from Tyler Donner or the Policies and Forms page of the UBC O IKBSAS Biology department website (<http://biol.ok.ubc.ca/forms.html>).

Year:

Term:

Experiment description:

Type:

Duration (months/weeks):

Expected start:

Expected end:

Experimental description: (Please include all species used and the experiments performed.)

Experimental requirements:

Light (hours/day):

Watering:

Temperature (°C; min/max)*:

*NOTE: Ability to regulate temperature is seasonally dependent.

Does your experiment require additional research equipment, such as pumps, watering clocks, drip hoses, etc.?
If yes, describe:

Space requested:

Greenhouse:

of tables:

Specific space(s) requested?

If yes, specify and explain:

User responsibilities:

How often will you monitor your plants?

I have read the UBC Okanagan Campus Greenhouse policy document and agree to follow all guidelines, terms, and conditions listed within, including: regularly monitoring my plants, respecting other users' experiments, taking responsibility for any damage caused by my experiments, and providing my own plant growth materials.
